PORTO RICANS WERE CAUGHT RED-HANDED

Ventura Castino and Santiago Fontaro, two bad Porto Ricans, were caught red-handed on Thursday night at Waimanalo in an attempt to rob the plantation store. Detectives McDuffie and Raneer, Officer Ah On and the bookkeeper of the plantation were in hiding near the office, when the would-be thieves made the attempt, the officers having been warned beforehand that the effort to burglarize the place would be made. The head of one of the watchers was seen by one of the Porto Ricans and they started to run away, but were caught. One had a revolver and the other a dirk knife.

It was supposed by the men that the money to pay off the employees would be in the office. The money was not sent there, however, owing to a tip being given of the proposed raid. A third man who had accompanied the men, turned state's evidence, and the two men were sentenced in police court yesterday to a year's imprisonment each. Santiago recently left Oahu Prison where he had served six months for holding up Japanese. The other had served time for stabbing a man. Santiago threatened to fix the officers when he got out of prison.

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

Imitations always cost less than the original, hence the substitutes for Scott's Emulsion can be sold for a few cents less. But you're not saving anything when you buy them. Cod liver oil has a market value and you get the pure oil in Scott's Emulsion. That's the difference.

We'll send you a sample free upon request.

HAWAII AS A CLUBHOUSE

Yacht Club Purchases Steamer for the Purpose.

With the purchase yesterday by the Hawaii Yacht Club of the old Wilder steamer Hawaii, the work of dismantling that vessel came to a stop. The Hawaii Yacht Club will have the hulk towed down to Pearl Harbor and beached for the present until necessary repairs can be made when she will be taken out upon the lochs and anchored. She will then be christened as the clubhouse of the yachtsmen.

A meeting of the directors of the Hawaii Yacht Club was held yesterday with Commodore H. E. Cooper, Vice-Commodore H. E. Pickett, Captains Hobron, Macfarlane, Albert Waterhouse and Secretary Petrie present, to consider the proposition.

It was voted to purchase the Hawaii, the directors taking personal responsibility in the matter, as the option on the vessel expired last evening. The matter will be formally presented to the members of the club, and when the plan is explained to them they will doubtless sustain the action of the officers.

It is proposed to expend about \$1500 on the Hawaii, the idea being to furnish the various state-rooms in a comfortable manner for the use of the members, who can pay a small fee for their rental. The officers of the club will have cabins aboard similar, according to rank, to those occupied by the ship's officers while in regular commission. The dining-room will be fitted up nicely, and one plan is to run a sort of buffet where members and friends can obtain meals while enjoying outings at Pearl Harbor.

The engine and all machinery have been taken out of the steamer so that she will be but a hulk. She will be towed down to Pearl Harbor Tuesday next and beached near the railway wharf.

It is believed that the floating clubhouse will more nearly meet the requirements of a yachtsmen's clubhouse than the one already built on land. The yachts can be moored close to the hulk and the yachtsmen will always be near their headquarters, and above all be on the water. This idea of a floating clubhouse is meeting with popular favor all over the east.

The club officers have in their mind's eye for the future entertainments of various sorts to be given on board. There is a large deck space where concerts can be given before a very large audience.

LURLINE AGAIN IN HONOLULU

Without accident of any kind on the entire cruise since leaving Honolulu on March 29 last, the fine schooner yacht Lurline, commanded by Captain H. H. Sinclair, arrived in Honolulu harbor yesterday morning and anchored in Naval Row. On board the yacht, besides the captain, who is also the owner, are Mrs. Sinclair, Miss Sinclair, Arthur Sinclair and L. R. Freeman. The vessel will remain here for about ten days and will then proceed to the coast.

The Lurline went from Honolulu to Nukahiwa, in the Marquesas group, making a run of 2200 miles in seventeen days. After remaining a week at Nukahiwa the Lurline was sailed to Paapea, making the run of 800 miles in three days, which was considered a record-breaker among the Tahitians. From Paapea the party went to Pago Pago, American Samoa, and were in the port when the training ship Adams arrived to relieve the gunboat Wheeling. Captain Sinclair pronounces the Samoans a fine type of the South Sea natives. Three weeks were spent at Pago Pago and a visit was then made to Apia, German Samoa, returning to Pago Pago five days afterward.

The yacht was twenty-eight days coming to Honolulu from Suva.

The Lurline's party will be entertained by the Hawaii Yacht Club during their stay here.

BIG SUGAR CARGO ON MAUNA LOA

The Inter-Island company's flagship Mauna Loa arrived yesterday morning from the Kona and Kau coasts of Hawaii with a large cargo, 8000 sacks of sugar being for Brewer & Co. On the way to this port the vessel made a special run to Mahukona, taking over jurors, witnesses and others to attend court at Kailua. Among the returning passengers were W. A. Kinney and A. A. Wilder, attorneys in the Parker ranch controversy.

At Punaluu work in loading had to be stopped on account of rough weather. Both the Punaluu and Honoapua mills were running.

Two inches of rain are reported to have fallen in Hamakua on Tuesday and Wednesday, and rain was falling on Kau when the steamer left.

Solace En Route.

The United States naval transport Solace will arrive here from Manila about August 9, en route to San Francisco.

HARPER IMPRISONMENT CASE AT WASHINGTON

Kenneth Harper, Who was Detained at the Honolulu Police Station Brings Matter to Attention of State Department.

When Kenneth Harper, the young Australian, who was denied admittance to the United States at San Francisco last year and was sent back to New Zealand via Honolulu, a big fuss was made over the affair, especially with regard to the young man's detention at the police station in this city, while the Oceanic steamship on which he was a passenger was in port. Premier Seddon is said to have waxed furious over the matter and to have threatened all manner of dire punishment for the United States in general and Hawaii in particular. The following dispatch from London throws some light on the present status of the case:

LONDON, July 1.—The Hon. W. P. Reeves, Agent-General for New Zealand, has interviewed Mr. Lyttelton, the Colonial Secretary, relative to the expulsion of Mr. Kenneth Harper from San Francisco, and his imprisonment at Honolulu. Mr. Lyttelton is exchanging communications with the authorities at Washington respecting New Zealand's claim for recompense.

LIVELY TIMES AT HALEIWA.

The biggest time that has ever been seen at Haleiwa is promised for Saturday and Sunday, August 6th and 7th. On Saturday evening will be a luau followed by a dance, the music being furnished by the famous Haleiwa Quintette Club who have greatly improved of late on account of constant practice. On the 7th, a handicap Golf tournament, the usual handsome prizes being offered, while the Royal Hawaiian Band will give their first concert in the Waialua district, playing from twelve until two and from four until six-thirty Sunday at the hotel. If enough entries are received, Manager Church will offer a couple of cups for a ladies' tournament which would be played on the morning of the 7th. Entries will be received either at Haleiwa or Woods & Sheldon in Honolulu. The Manoa Golf Club have courteously agreed that there shall be no conflicting match on that date, and a goodly number of local players have already signified their intention of going down on Saturday, and thus enjoying the luau, dance, band concert and golf match. Two more oil greens at the 3rd and 8th holes will be put in the coming week, while new cups throughout will be installed, all of which will help to make the course much faster. The hotel has purchased a driving machine which affords a lot of amusement in the evenings. The Tennis Court is now completed, having been oiled and rolled with the big government roller, which was first heated to a high temperature. Many people are at the pretty hotel, spending their summer vacations, among them are the Byron Bairs, H. J. Johnstons, Geo. H. Angus, Geo. T. Kluegels, Dr. and Mrs. James, Dr. A. S. Knudsen and others. As a further attraction, Haleiwa purposes putting a horse trial to the top of Kaala, the highest peak on Oahu, which will give guests a mountain trip exceeded in grandeur of scenery by few in the world.

DAMON RESIGNS AS A TRUSTEE.

At the meeting of the Punahou trustees on Thursday, the resignation of S. E. Damon was presented and accepted. The reason giving by Mr. Damon for his action was that pressure of business demanded the step.

The trustees are considering the erection of a residence in College Hills to let and to encourage other building. College Hills is enjoying a small boom just now, three new structures having recently been erected, and more being planned.

AORANGI HAS A SMART RUN

The Royal Mail steamer Aorangi arrived last evening from Victoria and docked at the Pacific Mail wharf. She will resume her voyage to the Colonies this morning at 9 o'clock. The vessel had a smart run to Honolulu having left Vancouver at 1:17 p. m. July 22, and Victoria at 8:48 the same day. Passed Cape Flattery at 8 a. m. July 23. The vessel experienced moderate to fresh winds with moderate sea and fine weather throughout. The Mowera was passed at 5:45 p. m. July 28.

Among the passengers for Honolulu is Prof. G. H. Barton, the eminent geologist of Harvard College who has come to Hawaii to study the volcanoes of Kilauea and Mauna Loa, as well as the extinct crater Haleakala on Maui. In his party are ten teachers, men and women, who will remain in the islands with the professor for about a month.

D. J. Styne returned from the coast. Mrs. R. Greig and Miss Garwood of England go to other islands, the former to Kahuku and the latter to Kahului. Mrs. Goslin, mother of Mrs. Mannie Phillips, came to spend a few months here.

Cargo on the Aorangi for Honolulu consisted of 249 cases of gin, four cases of linens, eleven cases general merchandise.

MONGOLIA SAILED YESTERDAY ON RUN

The big steamship Mongolia sailed yesterday at 2 p. m. from San Francisco for the Orient via Honolulu. The information was received in a cablegram to Hackfeld & Co., the agents. The vessel will arrive here on the morning of Thursday, August 4.

Hackfeld & Co. also received a cablegram announcing the arrival of the Korea at Yokohama, no comment being made on the matter.

No news has been received of the steamer Gaelic, which was detained at Midway, although the Mongolia having sailed from the coast, the Gaelic has undoubtedly been ordered to proceed on her voyage to the Orient. Nothing new regarding the Siberia, detained at Kobe, has been received by the agents.

Sonoma Brings Next Mail.

The steamship Sonoma of the Oceanic line will arrive here on Wednesday August 3, with the next mail from the coast. The Mongolia arrives the next morning. The next mail to the coast will go forward on the Ventura leaving on Tuesday.

Debility

Perhaps you eat enough, yet you do not get much benefit from your food. You keep thin and weak; are tired all the time, and your nerves are in a bad way. Why not strengthen your digestion and get rid of your debility?

Read these words from Mrs. E. C. Munro, of Colby, Victoria. Mrs. Munro also sends her photograph.

"I suffered greatly with indigestion and debility for a long time. Sleep did not refresh me, and I was in a very bad state. One of my friends strongly recommended Ayer's Sarsaparilla, and after a good deal of hesitation I made up my mind to try it. To my great surprise, I had not taken one-half a bottle before I felt greatly improved in every way. I only took three bottles, and I can now honestly say that I am entirely free from all of my old troubles, and consider myself perfectly cured. Ayer's Sarsaparilla is certainly a wonderful blood medicine."

AYER'S Sarsaparilla

There are many imitations of Sarsaparilla. Be sure you get Ayer's.
